Non Linked, Non Participating Group General Annuity Plan

SBI Life Insurance introduces “SBI Life -Swarna Jeevan” Plan for Corporate Clients (ie.Employer-Employee groups) who wish to purchase annuity to provide for their annuity liability (existing or emerging or both) totally/partially from SBI Life. Buyout of pension liabilities is a way by which the Master Policyholder transfers the liability of a defined pension scheme completely to SBI Life Insurance Company.

UNDER THIS OPTION, THE ANNUITY BENEFITS WOULD BE PAYABLE IN ACCORDANCE WITH THE REGULATIONS AS PRESCRIBED BY PFRDA.

As per the current regulations, the annuity benefits will be payable for life of the subscriber and his/her spouse as per the annuity option “Joint Life (last survivor) annuity with 100% refund of Purchase price”. In case the subscriber does not have a spouse, the annuity benefits will be payable for life of the subscriber as per the annuity option “Life annuity with refund of Purchase price”.

In case of demise of the subscriber before the vesting of annuity, the annuity benefits will be payable for life of the spouse as per the annuity option “Life annuity with refund of Purchase price”.

On death of the annuitant(s), the annuity payment would cease and the refund of purchase price shall be utilized to purchase an annuity contract afresh for living dependant parents (if any) as per the order specified below:

- a) Living dependent mother of the deceased subscriber;
- b) Living dependent father of the deceased subscriber.

However, the annuity amount would be revised and determined as per the annuity option “Life annuity with refund of Purchase price” using the annuity rate prevalent at the time of purchase of such annuity by utilizing the premium required to be refunded to the nominee under the annuity contract.

The annuity would continue until all such family members in the order specified above are covered. After the coverage of all such family members, the premium shall be refunded to the surviving children of the subscriber and in the absence of children, the legal heirs of the subscriber, as may be applicable. In case no such family member exists upon the death of the last survivor, there would be a refund of premium to the nominee.

Note that the premium is the amount exclusive of applicable taxes to be paid whilst issuing/re-issuing the annuity contract.

Increasing Joint life (last survivor) annuity (Simple increasing)

An increasing annuity is payable throughout the life of the Group member (primary annuitant) which is increased by a constant rate (simple) of X% p.a. for each complete year, where X can be chosen within the range of [1% - 10%].

On death of the Group Member (primary annuitant), the Spouse (if alive at that time) will receive an increasing annuity (increased by a constant rate as opted by the group member) throughout his/her life, which will be either 100% or 50% of the last annuity amount paid to the Group Member (primary annuitant), as opted for.

On the death of last survivor, all future annuity payments cease immediately and no death benefit is payable.

3. Add-on Benefits:

The annuity benefits are extended to cater to the needs of the clients who are providing pension benefits as per their own different pension arrangements.

Under Central/State government and PSU rules, there is a provision for “Family pension (including child upto 25 years of age) / Dearness Allowance linked pension / Higher or lower rate of family pension/ Restoration of commuted value etc...”.

For these provisions, annuity benefits are allowed to be purchased separately (at prevailing annuity rates), as and when due. The type and term of annuity will be as per the scheme rules, applicable to such policies.

4. Options to choose the periodicity of your annuity:

You or the group member may choose the periodicity of their annuity payouts depending upon their needs. The options available are Annual, Half yearly, Quarterly, and Monthly
